APPLICATION FOR BAKE SALE APPROVAL

The Jessamine County Health Department will allow certain non-potentially hazardous food products prepared in the home and other non-permitted kitchens to be sold by charitable or non-profit organizations with prior written approval.

Examples of non-potentially hazardous foods that may be sold: cakes, candies, cookies, breads, fruit pies.

Examples of potentially hazardous foods that are prohibited: dairy products, meat and poultry products, uncooked or undercooked eggs (including meringue and custard pies), fish and seafood. **If the food requires refrigeration, it is potentially hazardous and is prohibited.**

All products shall be portioned, individually wrapped and labeled with the identity of the food before display. No exposed, open food is permitted.

The coordinator of this event is responsible for submitting a list of foods to be sold and the names and addresses of those people who prepared the foods. Only those items listed may be offered for sale. **This approval will not require a fee by the Jessamine County Health Department.**
